RICHARD & AIMEE LOVE FAMILY

AUTUMN CREEK
Farm

Love Haven Farm was purchased by Richard's great grandfather, John Miller in 1902 and has been home to this family for over a century. The original barn, which still houses the milking parlor and calf pens, was built in 1903 for \$3000 by family and friends. The parlor now sits where the horse pens for the large work horses were housed. The farm was then inherited by Richard's grandparents, Nanny (Miller) and Martin Love. Martin and Nanny would go on to only have one child, Olen in 1909. Olen then married Dortha in 1933 and started his own family. Olen and Dortha were blessed with three children of their own, myself (Richard), Larry, and Linda. Additionally they shared the loving home with many foster children. My dad, Olen, purchased his first tractor, an Oliver 70, in 1944; prior to that field work was done with horses.

As a child I can remember my dad always loving the Big Brown cow. I clearly remember there was always a Brown Swiss cow on the farm. Unfortunately, my father, Olen, was diagnosed with ALS in 1965 when I was just a senior in High School. My father could no longer handle all of the manual labor jobs a farm requires so I stepped up and made sure to work hard in school and on the farm. I graduated in the spring of 1965 and was proud to continue to run the farm for my mother and father until his death in 1980 from ALS complications.

Eventually, I married Sharon in 1971 and shortly after the Love Haven Farm prefix was established. Sharon and I have two children Richard A. (Aimee) and Susan (Gene) Spadaro. When our children were of 4-H age, we purchased our first registered Brown Swiss from Wind Mill Farm, the Daubert family in 1983, and the first registered Ayrshire was purchased in 1986 at the national sale. Our kids continued to show both Ayrshires and Brown Swiss through their 4-H years where we had lots of ribbons brought home. After a brief hiatus, the farm was again rejuvenated when Susan's first born, Gracie, began showing when she was just 3-years-old in 2007. Anthony followed in her footsteps until recently giving it up to pursue other passions. Gracie purchased her first Ayrshire at the national sale in the spring of 2011. She is most proud of her first bred and owned Ayrshire, Chelsea, and her offspring. Regrettably, Gracie is finishing her last year of 4-H this summer. My son and daughter-in-law, Richard and Aimee, established Autumn Creek Farm in 2010 and began raising their showstring at Love Haven Farm. Autumn Creek's foundation cow DSKM Denver Tink was purchased in 2011 at the national sale and has continued to have showstring quality offspring. Their children, Olivia and Nick have been showing all over the country since 2010.

Love Haven Farm has continued to breed not only high quality milk cows through the years but also high quality show cows. We are all sad to see our cows leaving the farm, but we know the next generation of farmers and their children will enjoy them as much as we have. Please continue to treat our cows with lots of love and care, for they will bring you great joy.

Res. All American 5 Year Old, 1991; Aged Cow, 1992

Terms and Conditions

TERMS: The terms are cash or check on sale day payable to Kiko Auction Co. Sales Manager, in U.S. funds unless other arrangements are made with the consignor prior to the sale. All payments must be made to the clerk of the sale and no release of animals will be given until satisfactory settlement has been made. The guarantees listed below shall be offered by the seller only after payment terms have been met by the purchaser.

BIDS: The highest bidder shall be the buyer. In case of dispute, the animals shall again be put up for advance bids and if there be no advance bid, the animal shall be sold to the person from whom the auctioneer accepted the last bid. Every animal is pledged to absolute sale and by-bidding is prohibited. Every animal must be transferred to the new owner and may not be transferred back to the seller, except at the discretion of the recording society concerned.

EXPORT TRANSACTIONS: Prospective buyers or agents must make satisfactory agreement regarding health tests and requirements with the consignor and/or sale's management prior to the sale. Failure to do so shall make the buyer responsible for all health tests. Any special terms of payment must be cleared with the sale's management prior to the sale.

RISK: All animals are at the purchaser's risk as soon as struck off, but will be cared for free of charge for a reasonable length of time. Purchasers must make arrangements for care of their purchase if not removed within 24 hours following the sale. Separate agreement must be approved on export cattle. All animals are at the consignor's risk prior to selling in the event of fire or other mishap. All semen and embryos sold shall immediately become the buyer's property and risk as soon as struck off. Shipping assistance will be given; however, no risk on loss is assumed by the sale's management.

CERTIFICATES OF REGISTRY AND TRANSFER: Each animal which is cataloged, offered, and sold as registered shall be recorded in the Herdbook of the Brown Swiss Cattle Breeders' Association of the U.S.A. The sale management shall be responsible that every animal be transferred within 30 days to the purchaser at the seller's expense, such transfer to be recorded on the Certificate of Registry by the Secretary of the Association. The following suffixes have been added to the names of animals designated by the Brown Swiss Cattle Breeders' Association of the U.S.A. as abnormality carriers or non-carriers as may apply. (W); (S); (M) - known Weaver, Spiderleg or SMA carrier determined by identification of affected offspring. (CW); (CS); (CM) - a confirmed Weaver, Spiderleg or SMA animal through diagnosis by an approved laboratory. (W*); (S*); (M*) - Weaver, Spiderleg or SMA carrier determined by DNA testing at a confidence level of 90% or above. *TW; *TS; *TM - Weaver, Spiderleg or SMA non-carrier determined by DNA testing at a confidence level of 90% or above.

SHIPPING: Assistance will be given in loading and shipping animals, but no risk is assumed by the sale's management or seller.

WARRANTIES:

- (1) The seller warrants clear title to the animal and right to sell the same.
- (2) Unless otherwise noted in the catalog or announced from the auction stand, each animal is sold as sound. All udder guarantees will cease when the cattle are loaded for removal from the barn.
- (3) **BULLS:** Are sold as being able to serve and settle after reaching 14 months of age. The buyer is expected to provide reasonable care and feeding. Should the bull prove to be a non-breeder, the buyer shall notify the seller within four months after the bull reaches 14 months of age. The seller shall then have six months to prove the bull to be a breeder. In no case shall the seller be responsible for more than the selling price.

FEMALES: Any female pregnant when sold or that has freshened with 90 days prior to the date of the sale is by that fact considered a breeder. Should any other female not pregnant when sold fail to become pregnant within six months of sale date, or if less than 15 months old when sold, by the time she reaches the age of 21 months, after having been bred to a bull known to be a breeder and after having been treated by a licensed veterinarian, the matter shall be reported in writing to the seller within two weeks of the aforementioned times. The seller will then have the privilege of six months time in which to prove the animal a breeder before refunding the purchase price. Females bred when sold are presumed to be pregnant, but pregnancy is not guaranteed. The seller makes no warranty that females announced safe in calf will deliver live calves, or that they will carry calves full term, nor does he guarantee that the calf carried will not be mummified. In no case shall the seller be responsible for more than the sale price of the animal.

- (4) Above warranties cease when the animal is disposed of by the original purchaser.
- (5) Transportation charges on all animals subject to adjustment shall be paid by shipper.
- (6) The Breeding Warranty is eliminated if a female is flushed or super-ovulated following the sale.

HEALTH CERTIFICATES: Official health certificates will be provided to the purchaser of each animal. Results of any future health tests are not guaranteed. The seller and sale management hereby notify buyers that, according to the State of Wisconsin ATCP Rule 10.21, all animals are sold as originating from a maximum risk paratuberculosis herd. The seller and sale management can not be held liable.

ERRORS: The material in this catalog has been carefully edited. If any errors or omissions are discovered, they will be announced, such announcements to take precedence over the matter of print in this catalog. Neither the editors of the catalog, the sale's management nor the consignors can assume any responsibility for any errors or omissions in the catalog.

ACCIDENTS: The Sale Manager, auctioneers and owners are not in any way responsible for the condition of the grounds nor the behavior of the animals and disclaim any liability in the event of personal accident or property loss.

RESPONSIBILITY: The consignor will represent and be responsible for his animals. In no case, however, will the consignor be responsible for any damages beyond the selling price of the animals. Kiko Auction & Realty Company sale manager, assumes no responsibility, acting only as an agent, but will endeavor to protect the interests of both buyer and seller.
