BUILT ON PASSION. • FOCUSED ON EXCELLENCE. • COMMITTED TO THE FUTURE.

The Legacy of **BUCKS PRIDE**

First and foremost, thank you for joining us! Whether you are viewing this catalog in-person or online, we sincerely appreciate your interest in our legacy of work. We are going to keep this message short because we would rather have you enjoy exploring what we have to offer.

Bucks Pride was started 22 years ago with the foundational support of Paul & Lola Kocher and incorporating cattle from the primary herds shown above, along with other cattle coming from the prefixes of Brookview, Lundview, Jeffrey-Way, Franklin Place, Schug Holsteins, Willows Edge, and many others.

After using all AI genetics, Bucks Pride has been humbled by our accomplishments over the years. We have been a top BAA for herd size in the country. Show ring success has led to All American and Jr. All American nominations. The Ohio State Fair winnings have included Grand and Reserve Champions, Jr. Champions and having won multiple Futurities (Joe has been told 20 years ago was the best futurity party ever). These banners have been fun to win, but it is the friendships made over the years that make this dairy industry one of the best!

This is just the end of one chapter of Bucks Pride. As you go through the catalog, we hope you see that there is something for everyone. Thank you for the overwhelming number of phone calls and text messages of support over the last several weeks. Whether you are joining us at the sale in-person or online, bid often and fast. For those joining us in-person today, we hope you enjoy the hospitality provided by the sponsors shown in the back of our catalog.

On behalf of Ken and Joe and their families, we extend our sincere gratitude to everyone who has shown interest in our legacy sale, and to every business, individual, and farm family we have had the privilege of working with over the years. We genuinely value the relationships we have built and are deeply thankful for the trust, friendships, and support you have shared with us along the way.
